**Upload Files Via FTP:**

Any FTP program should work. We have tested Internet Explorer, WS\_FTP, CuteFTP and Fetch. The setup for all is similar as the screen shots below show. The key settings are as follows:

**Host Name or Host Address: 72.4.45.190**  
**User ID or User Name: DropBox**  
**Password: Upload**

**Internet Explorer**

**Please Note: This is a public folder and highly sensitive files should not be sent via this method. Call us for special instructions.**
