

Mid-South Color Labs, Inc.

Group Composites from Digital Files

- Any print size
- Add color or image to background
- Up to 3 lines of text under each image (2 lines recommended)
- Create text and match image names in spreadsheet
- Oval or rectangular images
- Receive approval proof before production
- Color correction available

You supply:

1. Color-corrected digital files in .jpg format
2. Images centered and cropped to consistent ratio
3. Spreadsheet showing (in this order) Last Name, First Name, Image Name and Title (Microsoft Excel spreadsheet template available at no charge) **Required**
4. Sketch or photo showing desired layout, with crest, logo or background colors, type styles and colors and position and order of images.
5. Digital file of crest or logo, if needed
6. Any non-standard Windows fonts required.
7. Note: additional setup fee applies if work is required on spreadsheet or image cropping.

Costs:

Setup fee is \$2.00 per head (add \$1.00 per head to color correct images)
Prices at Digital Machine Print price level
